

## Holiday Inn Express and Atlantic Culinary Academy

Dover, New Hampshire

WOODBURN  
& COMPANY  
*Landscape Architecture, LLC*

Landscape architectural design services were provided to McIntosh College to assist in their effort to expand college curriculum. The college first built a Holiday Inn Express as a “lab” for the future Atlantic Culinary Academy. The landscape plan anticipated the addition of the future facility as well as the later expansion of the hotel; both are now complete. In 2001, the hotel was converted into dormitories for the growing college.
