

Kittery Marketplace

Kittery, Maine

WOODBURN
& COMPANY
Landscape Architecture, LLC

Woodburn & Company was contracted for complete landscape design services for a proposed retail mall on thirty-five acres of land in Kittery, Maine. The proposed complex received intense public scrutiny during the planning process and was subject to prolonged public review. Sensitivity to the land and its attributes including wetlands, existing vegetation, and the impact of negative views was essential. Attention to pedestrian circulation, lighting, buffer and wetland re-vegetation plantings was critical.
