

NEWMARKET COMMUNITY CHURCH
SIDE GARDEN SKETCH
1/4" = 1'-0"
JAN. 9. 2002

Newmarket Community Church

Newmarket, New Hampshire

In anticipation of the town's downtown revitalization design efforts, the members of the church wanted a landscape design that would provide an inviting entry and an opportunity for quiet contemplation.

Woodburn & Company worked with the town as well as the abutting condominium directors to determine both opportunities for the church and impacts of the proposed construction. The resulting plan provided a broad entry and drop-off area as well as an intimate meditative garden.
